Blue Thunder Announces Appointment of Louis Gariepy as Advisor

Toronto, Ontario, June 11, 2020 – Blue Thunder Mining Inc. (TSX-V:BLUE) (“BLUE” or the “Company”) is pleased to announce the appointment of Mr. Louis Gariepy as an Advisor to the Company.

Mr. Gariepy is a Geological Engineer and is currently the Vice President Exploration for O3 Mining Inc. (TSX-V:OIII) (“O3”). Mr. Gariepy has more than 30 years of international mining experience, including substantial experience in Québec. He has served as Exploration Manager for multi-national mining companies and has a broad range of experience in delineating exploration programs. BLUE recently announced the acquisition of 100% interest in O3’s Fancamp and Embry exploration properties through the issuance of 4,514,436 common shares of BLUE to O3 (refer to press release dated May 4, 2020).

“We are very excited to announce Louis’ appointment as Advisor to Blue Thunder. As VP of Exploration of O3 Mining, Louis brings a significant background in mineral exploration and project development to the Company and is a welcome addition to help us unlock the significant value in our Muus Project. We also would like to thank O3 for their support as a significant shareholder of Blue Thunder.”

Robert Cinits, President and CEO

About BLUE

Blue Thunder Mining Inc. (TSXV:BLUE) is a gold exploration company focused in the Chibougamau Gold District of Québec, where it has consolidated approximately 51,000 hectares of prospective exploration claims in five separate blocks (the Muus Project), making BLUE one of the largest landholders in the District. Much of the exploration ground occurs along major regional structures, including the Guercheville and Fancamp Deformation Zones, both of which are associated with numerous gold and/or base metal deposits and showings in the District.

Cautionary Note Regarding Forward-Looking Statements

This press release contains forward-looking statements and forward-looking information (collectively, "forward-looking statements") within the meaning of applicable Canadian securities legislation. All statements, other than statements of historical fact, included herein including, without limitation, statements regarding the anticipated content, commencement, anticipated exploration program results, and the anticipated business plans and timing of future activities of the Company, are forward-looking statements. Although the Company believes that such statements are reasonable, it can give no assurance that such expectations will prove to be correct. Forward-looking statements are typically identified by words such as: believe, expect, anticipate, intend, estimate, postulate and similar expressions, or are those, which, by their nature, refer to future events. The Company cautions investors that any forward-looking statements by the Company are not guarantees of future results or performance, and that actual results may differ materially from those in forward looking statements as a result of various factors, including, but not limited to, the state of the financial markets for the Company's equity securities, the state of the commodity markets generally, variations in the nature, quality and quantity of any mineral deposits that may be located, variations in the market price of any mineral products the Company may produce or plan to produce, the inability of the Company to obtain any necessary permits, consents or authorizations required, including TSXV acceptance, for its planned activities, the inability of the Company to produce minerals from its properties successfully or profitably, to continue its projected growth, to raise the necessary capital or to be fully able to implement its business strategies, and other risks and uncertainties. All of the Company's Canadian public disclosure filings may be accessed via www.sedar.com and readers are urged to review these materials, including the technical reports filed with respect to the Company's mineral properties. This news release contains information with respect to adjacent or similar mineral properties in the Chibougamau District in respect of which the Company has no interest or rights to explore or mine. Readers are cautioned that the Company has no interest in or right to acquire any interest in any such properties, and that mineral deposits, and the results of any mining thereof, on adjacent or similar properties, are not indicative of mineral deposits on the Company's properties or any potential exploitation thereof.
